To Whom It May Concern:

Jessica Rossell of the New South Wales Government Department of Environment, Climate Change and Water will be visiting the State of California Department of Water Resources October 4 through October 20, 2010.

Her visit is part of an information exchange in which we will be assisting Jessica to complete research regarding long-term funding solutions for water management, decision support tools, and strategies to deal with water facilities inspections in support of her executive development.

For all intents and purposes, Jessica will be an intern with the CA Department of Water Resources during her visit, and her presence will be required during the regular workweek at the Resources Agency building located at 901 P Street, Sacramento, CA 95814.

Should you have any questions, feel free to contact me at (916) 651-9657 or jandrew@water.ca.gov.

Sincerely,

John T. Andrew, P.E.
Assistant Deputy Director
Department of Water Resources
