

From the Sierra to the ocean, the effect of climate change on water resources will be felt throughout the watershed. This symposium on water and climate change adaptation highlights linkages between fresh-water and coastal impacts, and focuses on adaptation planning and on emerging science issues and trends, and will serve as a forum for engaging federal agency partners in an ongoing coordination process.

Severe weather, a less-explored effect of climate change – and one with its implications for increased flooding and coastal inundation – is a special feature of the symposium, along with updates on impacts of climate change to Southern California water supplies. **The keynote speaker will be Barbara Long, Vice President of Government Relations and Strategic Planning at the Long Beach Aquarium of the Pacific.**

This symposium is especially intended for water agency board members and staff and city and county representatives interested in the latest thinking on adaptation as it may affect their jurisdictions.

**Symposium Topics Include:**

- Adaptation Planning Actions
- State of the Climate and Breaking Science News
- Extreme Events/Severe Weather – What Can We Predict?
- Green Adaptation Opportunities

The 2010 Climate Change Symposium will be held at the Hyatt Regency Long Beach, 200 South Pine Avenue, Long Beach, CA.

Registration for this day-and-a-half symposium is \$275 and includes a special reception at the Long Beach Aquarium of the Pacific, Tuesday, October 19. The Aquarium of the Pacific is the fourth largest aquarium in the nation. It displays over 11,000 animals in more than 50 exhibits that represent the diversity of the Pacific Ocean – participants will be able to tour some of these exhibits during the reception.

The registration fee also includes lunch October 19, coffee breaks October 19 and 20, and background materials. Conference registration/check-in will begin at 8:30 a.m., Tuesday, October 19. The program will begin at 9:30 a.m. and end at 5:15 p.m., followed by a 6:15 p.m. reception at the aquarium. The program will resume from 8:30 a.m. to noon, Wednesday, October 20.

We have secured a limited number of rooms at the Hyatt Regency Long Beach at the special rate of \$110, plus tax, per night. Room reservations can be made by contacting the Hyatt at 1-800-233-1234. Be sure to say you are attending the Water Education Foundation symposium.

**To Register**

Fax or mail the form below to the Water Education Foundation, 717 K Street, Suite 317, Sacramento, CA 95814. Or, use the secure registration form at [www.watereducation.org/conferences](http://www.watereducation.org/conferences) under the 2010 Climate Change Symposium link.

**Scholarships are available.** Contact the Foundation for more information on scholarship qualifications.

**REGISTRATION**  
**2010 Water & Climate Change Adaptation Symposium:**  
**From the Sierra to the Ocean**

Secure on-line registration is available at [www.watereducation.org/conferences](http://www.watereducation.org/conferences)

Faxed reservations will be accepted with purchase orders or credit cards.
